### Report to the shareholders

Your directors are pleased to present to you the results of CFCN Communications Limited's first year as a public company.

Net income in 1972 was \$1,047,000, an increase of 19% over the previous year's \$880,000. Income per share increased from 58.7c in 1971 to 69.7c in 1972. In December of 1972, your directors approved an increase in the quarterly dividend from 7c to 8c per share.

Our profit position exceeded forecasts despite heavy increases in charges to fully affiliated stations due to a reorganization at CTV, and the loss of cigarette advertising on radio.

### **CFCN** Television

Our television station maintained its dominant position in the Calgary market.

Local and regional revenues were well ahead of budget. This, in addition to tight control of expenses, enabled us to improve considerably on profit.

Our Lethbridge television operation also improved its revenue position.

Production facilities have been upgraded with additional equipment. Strong attention has been directed toward production of commercials, with a resulting increase of 23% in revenues.

CFCN Television is continuing negotiations with the two Calgary cable companies and the Canadian Radio-Television Commission for an agreement to institute deletion and substitution of Canadian commercials on incoming U.S. signals. We expect to institute deletion by the fall of 1973.

The CRTC expects CFCN-TV to provide an alternate service to the Medicine Hat area. We are in the discussion stage with the existing broadcaster in Medicine Hat and we hope to be applying to the CRTC to provide that service in the very near future.

### **Greatlakes Broadcasting System**

CHYM Radio, Kitchener-Waterloo, showed continued growth due to both programming success and market expansion. Total revenue for CHYM-AM and FM increased by 23%. There were two general rate increases on AM and the establishment late in the year of a separate sales force for FM.

A major renovation and redecorating program has given CHYM one of the most modern broadcasting facilities in Canada.

CHYM increased its power to 24,000 watts, raised its antenna height, and is operating in stereo.

CFCO Radio, Chatham-Wallaceburg, experienced a revenue increase of 13.9% over the previous year. The station's creative department was awarded the Broadcast Executives' Society Gold Microphone and four Merit Certificates. That brings to 13 the number of creative awards won by CFCO for commercial excellence in the past three years.

CFCO won the RTNDA Dan Award for news excellence in 1972.

Plans have been filed before the CRTC for a 50,000-watt FM station. Technical data has been approved by the CRTC, and program data will be revised, pending the outcome of the FM guidelines. CFCO sees FM as a natural growth in the market.

### **CFCN Radio**

CFCN Radio celebrated its 50th anniversary in 1972.

Total revenues were below projections. However, local-market sales showed an increase over the previous year.

Programming adjustments have been effected in order to improve the demongraphics delivered by CFCN Radio.

CFCN's news department was the recipient of a Charlie Award at the RTNDA annual meeting. The development of specials and day-to-day reporting by Calgary's largest and best-equipped news room continues to give us the most complete news service in the market.

### Auditors' report

To the Shareholders of CFCN Communications Limited

We have examined the consolidated statement of financial position of CFCN Communications Limited and its subsidiaries as at December 31, 1972, and the consolidated statements of income and retained earnings and source and application of funds for the year then ended. Our examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as we considered necessary in the circumstances.

In our opinion these consolidated financial statements present fairly the financial position of the companies as at December 31, 1972, the results of their operations and the source and application of their funds for the year then ended, in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding period.

### Notes to consolidated financial statements

### 1. Principles of consolidation

The Company was incorporated on December 3, 1971 and acquired all of the outstanding shares of the following companies on December 15, 1971:

**CFCN Television Limited** 

CFCN Productions Limited (a wholly owned subsidiary)

The Voice of The Prairies Limited

Greatlakes Broadcasting System Limited.

For comparative purposes, the 1971 amounts shown in the accompanying consolidated statements of income and retained earnings and source and application of funds have been compiled from the 1971 financial statements of the constituent companies. Certain of the 1971 accounts have been reclassified to conform to the method of presentation adopted by the Company in 1972.

### 2. Investments

The investment of \$121,000 represents 5,512 Class A preferred shares, 53,300 Class B preferred shares and 100 common shares in CTV Television Network Ltd.

### 3. Fixed assets and depreciation

The companies provide depreciation on a straight-line basis at the following rates which are designed to write off the assets concerned over their estimated useful lives:

Buildings 5% Broadcasting equipment 10%

### 4. Share capital

During the year the Company subdivided its 1,000 authorized and issued common shares without par value into 1,500,000 common shares without par value and increased its authorized capital by the creation of a further 1,500,000 common shares without par value, resulting in a total of 3,000,000 authorized common shares.

### 5. Share transfer restriction

The directors of the Company may refuse to register a transfer of shares in the capital of the Company if the registration of such transfer might in the opinion of the directors adversely affect the status of the Company or any of its subsidiaries to hold a broadcasting licence under the Broadcasting Act (Canada).

### 6. Lease obligations

Under leases expiring in the years 1973 to 1987 a subsidiary is required to make rental payments currently aggregating \$35,500 per annum.

### 7. Remuneration of directors and senior officers

The aggregate direct remuneration paid during the year to directors and senior officers was \$73,000.

Although the CRTC has turned down CFCN TV's application to provide alternative service to Red Deer, the company will continue to study television expansion potential in several other areas of Alberta. CFCN Communications Limited is also investigating expansion into nonregulated communications fields.

CFCN TV experienced an increase of 24% in programming costs in the quarter ended June 30, 1972, compared with the same period last year. The increase reflects an improvement in the quality of local and national content as we gear up for the fall schedule.

CFCN Productions has just completed a special featuring The Young Canadians and Lorne Green, to be seen on CTV early this fall. CFCN Productions produced the CFL All Star Game special televised throughout North America, and has 20 more
